

**Application
Adopt a Garden Program
Guidelines**

1. Gardens to be planted and cared for June through August. The care of the garden should include watering till the plants are established or during dry spells and routine weeding. The township is also requesting a three-year commitment to the project.
2. Flowers of an annual variety are to be purchased by the individual or organization doing the project. The mulch will be provided and made available for the day of the planting by the township.
3. Please contact Mary West, Assistant Township Manager, at the township office to schedule the planting date. (Monday through Friday 8:30 a.m. – 4:30 p.m. at 215-256-8087, extension 208)
