

The community now has a way to remember and honor those who are special to us, under the Lower Salford Park Board Sponsor Program.

This program allows the purchase of a tree(s) and/or a 6' park bench to be ordered, installed, and maintained by the Lower Salford Township.

Included in the program is a 3" x 5" marker that will be prominently displayed with the tree(s) and/or bench(es).

The tree/bench will be installed at the park where it is needed most, unless a specific park location is requested.

This program is open to all members of the community, community groups, and businesses.

A Lasting Impression

Trees:

- Species including Maple and Oak will be planted and maintained.
- A 3"x5" tree marker will be installed on tree.

Benches:

- 6' Town Park Bench with black cast ends and cedar tone recycled slats. A sample is displayed at the Township Building.
- 6' Rural Bench with cedar tone recycled slats and black tubular frame work.
