Badges are NON-TRANSFERABLE and must be worn on the pool premises at all times. They must be shown upon entering the front gate. Failure to display, or not being able to produce your badge upon request by the pool personnel, could mean expulsion for an indefinite time. When any person is found to be using someone else's badge, both persons will be restricted from all pool privileges. We request that all parents explain this penalty to their children and remember it for themselves.
